

China RoHS Package: One-Stop Shopping for Companies Seeking the Fastest, Simplest And Most Affordable Way to Comply

If your company sells any of over 1800 listed products and components into China, China RoHS poses substantial financial risk. Extensive Phase 1 labeling and information disclosure requirements take effect on March 1, 2007 – some of them in Chinese. With weekly updates, software-generated reports, business analyses and more, The GoodBye Chain Group's China RoHS Package provides you with the industry's most comprehensive solution. Bottom line: it will accelerate your compliance at a price you can afford and a pace you can manage.

China RoHS Disclosure Report				中国RoHS透露报告						
Component Name	Hazardous Substances Top Level: GGGC			有害物质或元素 上層：GGG細胞Phone CP87650587						
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	主角(鉛)	水銀 (Hg)	鎘 (Cd)	鎘VI 化合物 (哥斯達拿加)	多溴化 聯苯 (PBB)	多溴化 二苯基 以太(PBDE)	
LCD Circuit Board	X	O	O	X	O	O	O	O	O	
LCD Backlight	O	X	O	O	X	O	O	O	O	
Main Circuit Board	X	O	O	X	O	O	O	O	O	
Outer Case	O	O	X	O	O	X	O	O	X	
Fasteners	O	O	O	O	O	O	X	O	O	

The GoodBye Chain Group's China RoHS GOLD Package

China RoHS Documents Package	Annotated Directive; Marking, Testing, and other standards; Table in Chinese and English; and more	Reduces your search time and frustration
Informative Reports and FAQ's on the Key and Unique Aspects of China RoHS	Comprehensive plain-English explanations of "Environmentally Friendly Use Period", China's unique definition of Maximum Concentration Values, and more	You have confidence that you know what to do, and what <i>not</i> to do
China RoHS Updates, Breaking News Alerts, and 24-hour Email Response Service	Written summaries, online presentations, and personalized answers to your questions	You quickly become familiar with the legal and business requirements to stay current with compliance
2-hour Online Implementation Session	Develop checklists and a project plan of tasks, timelines, and responsibilities	Real-time guidance from consultants with real-world experience
Global RoHS Software Solution: <i>Material Declaration Wizard</i>	Affordable database software, full IPC 1752 XML functionality, and the ability to generate Disclosure Reports in Chinese and English	Collect or purchase part material ppm data, then generate the Chinese disclosure table and IPC 1752 forms in minutes

For those who already have software, the SILVER Package offers all of the services listed above without the inclusion of Material Declaration Wizard

The GoodBye Chain Group offers a portfolio of RoHS, WEEE, EuP, DfE, ISO 14001, and other solutions for product environmental compliance, as well its global RoHS data management software
