

## PEC KnowledgeBase

Product Environmental Compliance (PEC) KnowledgeBase&hellip;because immediate access to comprehensive information reduces your cost, risk, compliance efforts and time away from core business activities

If your company is a Downstream User, how does REACH impact you?

What exactly does Korea&rsquo;s RoHS/WEEE/ELV legislation require?

How does California&rsquo;s External Power Supply Unit law differ from similar laws in Arizona and other states?

Answers to these and many other legislative questions are just a few keystrokes away:

- Track regulations. Monitor requirements. Manage risks.
- Search out the particulars. Sort by geography. Study the details at your own pace.
- Lower costs. Reduce risks. Capitalize on opportunities.

Knowledge is power. Power is the ability to see clearly and act correctly. In combination with GCG&rsquo;s expertise in customer requirements, supply chain issues and the many other business implications of PEC Directives, the PEC Directive KnowledgeBase provides your company with the most powerful compliance solution available.

Key questions:

- Are you on top of global PEC Directives and how they impact your company?
- Does senior management expect precise answers?
- Which is more cost-effective: accessing a comprehensive and regularly-updated KnowledgeBase or hiring a team of staff to read new laws and make interpretations? For a private demonstration of the knowledge management capabilities of the PEC KnowledgeBase, contact GCG by phone at 719-404-1831 or via email at [info@goodbyechain.com](mailto:info@goodbyechain.com)
